WORK EXPERIENCE

Accenture Reinvention Console - Design Library Accenture

09/2023 - Present

Achievements/Tasks

- A collection of editable templates tailored for diverse industries, allowing clients to represent their content effectively.
- Enabled developers to download reusable code snippets or complete templates, streamlining design implementation for different client projects.
- A feature to share designs with end users, showcasing the most reusable, shared, and downloaded templates to maximize engagement and usability.

Accenture Reinvention Console - Request Management System Accenture

07/2022 - 08/2023

Achievements/Tasks

- Developed a React.js and Redux-based platform enabling users to raise and manage requests for creating microsites with industry-specific content.
- Implemented a feature-rich, filtered table with sorting, searching, and pagination capabilities to efficiently display and manage all request records.
- Designed a modular and scalable system for seamless microsite request handling, ensuring high performance and easy maintenance.

myConcerto Client Portal Accenture

01/2020 - 06/2022

Achievements/Tasks

- Developed 150+ industry-specific microsites for prominent clients, including platforms like SAP, Oracle, AI Navigator, and Workday, delivering dynamic, tailored content through meticulous design and development.
- Engineered responsive, user-friendly websites with dynamic content, ensuring alignment with client-specific needs and enhancing overall user experience.

AEH - Core Transformation Accenture

01/2019 - 12/2019

Achievements/Tasks

- Developed a Delivery Mobilization portal using C# and SQL, while creating and managing multiple site collections and subsites in SharePoint 2013, handling all administrative activities.

Accenture Delivery Tool (MSPS) Accenture

07/2015 - 12/2018

Achievements/Tasks

- Oversaw MSPS implementation and maintenance using MSPS 2010 & 2013, provisioning and decommissioning over 1500 MSPS URLs to manage resource work plans and timesheets.
